It should be noted that, as at 31 August 2026, all amounts due to banks in respect of long-term loans were reclassified, in accordance with international accounting standards, as current financial liabilities, following the non-payment of scheduled instalments and in light of the ongoing moratorium and standstill arrangements.

The loss for the period increased compared with the previous month, mainly due to: (i) the recognition of approximately Euro 2.7 million in interest and penalties relating to unpaid tax and social security liabilities, as well as other taxes relating to prior years that were either unpaid or paid late, in connection with tax collection notices already issued or expected to be issued; (ii) an adverse impact of approximately Euro 7 million arising from the reversal of previously agreed write-offs of trade payables and receivables negotiated with suppliers under the agreements entered into during the Negotiated Crisis Settlement Procedure, which are no longer effective following the Company's filing pursuant to Article 44 of the Italian Crisis and Insolvency Code (CCII); and (iii) approximately Euro 7 million of additional charges relating to intercompany positions with the subsidiary TISG Turkey.
